118 To 87 Tally, Final Ballot Today

Washington, June 25—(AP)—A coalition of Republicans and Southern Democrats routed administration forces in the House today and voted tentatively to end all wage and price controls July 31.

The vote was 118 to 87. When it became clear they had lost command of the voting, President Truman's lieutenants called off further consideration of the controls bill today.

They will rally their forces overnight and try tomorrow to get wage and price controls back into the measure with a final rollcall vote. There was no record made of how individual congressmen voted in today's tentative action.

If the administration loses tomorrow's showdown, all that will remain of the controls bill will be rent curbs, allocations for scarce materials and a request that the president use the Taft-Hartley act to stop the steel strike.

The House banking committee previously had stripped the bill of all consumer credit controls. Last Friday the House voted provisionally to lift price controls from almost all consumer goods and to abolish the Wage Stabilization Board. These votes are also subject to final rollcall action.

The amendment to let price and wage controls die at the end of next month was sponsored by Rep. Barden (D-NC).

A few Republicans supported the administration when the question came to a vote.

The Defense Production act, with all its control powers, will expire at midnight Monday unless congress acts to extend it.

Barden told the House he chose the July 31 date to allow a full month "to bundle up all their plans and petitions and allow them time to close up their office in an orderly way down there."

The Senate has agreed to extend controls until next Feb. 28. So if the House votes to kill them tomorrow, a joint conference committee will be handed the task of trying to reconcile House and Senate views in a compromise bill.

## Auto Workers Call Off Scheduled Jet Plane Strike

Los Angeles, June 25—(AP)—United Auto Workers (CIO) leaders today called off strike plans for this week and agreed to federal conciliation in Washington on contracts covering 25,000 jet-producing workers at North American Aircraft Corporation's four plants.

Negotiations here ended after 28 hours of almost continuous bargaining. Despite a new company offer, both sides appeared no closer to a settlement.

The UAW's aircraft department director John W. Livingston said the union's action was motivated solely by the vital importance of the P-86 Sabrejet production to the current defense effort in the Far East.

The union rejected a company offer advanced this morning, and at the same time disclosed that it had scaled down its original demands for a 28 cents an hour raise across the board.

How far the demand had been reduced a union spokesman declined to say.

The present base average is \$16.75. Cyrus S. Ching, federal mediator, appealed to both the UAW and the company asking that a strike be postponed, pointing out that "loss of even a single day's production of the P-86 Sabrejet would have a serious effect on the air force operations in the Far East."

## ADLAI HAS NEW ANSWER TO DRAFT QUESTION

Chicago, June 25—(AP)—Gov. Adlai E. Stevenson stirred new political speculation today on his position as a possible Democratic candidate for president.

As he left Passavant hospital after a minor kidney operation, newsmen asked him the question that has been put to him many times: "Will you be available for a draft by your party after the Republican convention?"

Instead of his usual answer that "I am only a candidate for reelection as governor," Stevenson said: "That remains to be seen."

He said that during his four days in the hospital he "had a chance to clear my mind on a few things." He declined to elaborate.

During the governor's hospital stay, surgeons removed a small stone from the ureter leading from the bladder to the kidneys.

## Tank-Infantry Units Assault Korea Fronts

Seoul, Thursday, June 26—(AP)—Allied fighter-bombers pounded Communist supply arteries Wednesday on the Korean war's second anniversary and a U.S. sabre jet was credited with downing a MIG without firing a shot.

On the battlefield, United Nations tank-infantry patrols raided central fronts and then withdrew. Red positions on the western and The Eighth army reported they killed 60 Chinese in three raids.

Fifth air force pilots reported blasting a railroad underpass at the Samdang rail junction, 25 miles due east of Pyongyang, the Korean Communist capital. The air force said it resulted in a tie-up of east-west and north-south Communist rail traffic.

In one of three dogfights along the Yalu river, Lt. Robert L. Goodridge of San Jose, Calif., was credited with destroying a MIG by forcing it into a violent spin.

Gen. James A. Van Fleet, Eighth army commander, told a war anniversary news conference any new Communist offensive would be a decided battle for the Korean war.

He expressed confidence his international army could win that battle. (The Defense department in Washington announced an increase of 640 U.S. battle casualties since last week, reflecting notification of kin in connection with recent fighting for a hill mass in Western Korea. It brought total American casualties to 110,611. The week's increase included 127 men killed in action, 524 wounded and 11 missing.)

Identical Twins To Wed Identical Twins In Arkansas

Hot Springs, Ark., June 25—(AP)—Identical twins Margaret and Elizabeth Finch of Jonesboro, Ark., and Decatur, Ill., will marry identical twins Elvin and Melvin Damer of Lena, Ill., here Sunday.

They met two years ago at an annual convention of the International Twin Association in St. Louis. Melvin and Elvin were presidents of the association last year, and Margaret and Elizabeth were first in the most identical class at the 1950 convention.

The Misses Finch, daughters of Mrs. C. B. Finch and the late Dr. Finch of Jonesboro, were teachers at Jones Elementary School in Hot Springs before moving to Decatur last fall.

They attended Colorado State College of Education, Greeley, and were graduated from Arkansas State College, Jonesboro.

The Dameris, sons of Mr. and Mrs. R. F. Damer of Kent, Ill., are beef and grain farmers. They are members of the Illinois Agriculture Association, Corn Belt Livestock Feeders Association and the Zephyr Twin Club of Chicago.

## Honeymoon Off As Young Husband Goes To Jail

Rock Island, Ill., June 25—(AP)—The honeymoon of Russell Cubbage, 23, has been interrupted by the Rock Island county's sheriff's office. Deputies arrested him Tuesday and charged him with operating a confidence game in borrowing \$900.

Cubbage, of Illinois City, was picked up after Deputy State's Attorney Leo Tyler heard of his marriage Saturday to 17-year-old Clara Johnson at Muscatine, Ia.

R. C. Waite, president of the Reynolds, Ill. National bank, signed a complaint on Thursday charging that Cubbage used the livestock and farm equipment of his employer, Minor Peterson of Illinois City, to secure a \$900 loan.

Tyler said a friend of Cubbage's told him he read in the paper of Cubbage's marriage Saturday. Tyler sent sheriff's deputies to arrest him.

Cubbage was arraigned Tuesday and remanded to Rock Island county jail on the confidence game charges in lieu of \$2,000 bail.

BOY, 8, FALLS ON KNIFE, KILLED

East St. Louis, Ill., June 25—(AP)—A freak accident today was fatal to 8-year-old Thomas Churchill of nearby Washington Park. He stumbled down the front steps of his home and fell on a paring knife he was using to peel an orange.

The boy died at St. Mary's hospital from the stab wound he received in his neck.

The boy's parents, Mr. and Mrs. Eugene T. Churchill were seated on the front porch at the time of the accident.

## Tokyo Riots Greet Korean Anniversary

Tokyo, Thursday, June 26—(AP)—Japanese police smashed Communist riot riots in Tokyo and at Osaka in a violent climax Wednesday to Red demonstrations against the Korean war.

Police used tear gas and clubs against Reds who hurled acid and fire bombs.

More than 60 police and 50 demonstrators were hurt. Also injured were U.S. Brig. Gen. Carter W. Clarke—burned slightly by acid at Osaka—two American military policemen and three Japanese newsmen.

Nearly 150 Reds were jailed. The riots grew out of the pro-Communist meetings by 400,000 Koreans throughout Japan on the second anniversary of the Korean war.

Anti-American banners were broken out at Osaka—Japan's second-largest city. The violence in Tokyo seemed aimed at the government and against the war generally.

American military personnel in the Tokyo area were ordered to remain in their headquarters during the riot.

Armed with clubs, bamboo spears and bottles of acid and gasoline an estimated 2,500 flag-waving Reds marched on Shinjuku railroad station in suburban Tokyo Wednesday night after a noisy, four-hour meeting.

## Aircraft Spotters Alerted For Duty In 37 Counties

Chicago, June 25—(AP)—The state civil defense office said today that only the northernmost 37 counties of Illinois will be affected by the 24-hour watch for enemy planes which starts July 14.

The vigil has been ordered by the nation's Air Defense command. Nearly 10,000 volunteer civil defense workers will be activated to man 320 observation posts in northern Illinois.

Lenox R. Hill, Illinois' civil defense director, said only the area tied into the Chicago air filter center will be placed on active emergency basis July 14. Some 500 observation posts in lower Illinois will remain inactive for the present.

The defense command order activates observation posts in these counties: Boone, Bureau, Carroll, Cook, DeKalb, DuPage, DuPage, Grundy, Henry, Iroquois, Jo Daviess, Kane, Kankakee, Kendall, Knox, Lake, LaSalle, Lee, Livingston, Marshall, McHenry, McLean, Ogle, Peoria, Piatt, Putnam, Rock Island, Stark, Stephenson, Tazewell, Vermilion, Warren, Whiteside, Will, Winnebago and Woodford.

The president added that the overall limit of 154,658 immigrants a year is itself too small to "keep up with the growing needs of our nation for manpower to maintain the strength and vigor of our economy."

The bill, passed the House April 25 with a standing vote of 206 to 68, which would be enough for the two-thirds required to override a veto.

The Senate passed the measure May 22 on a voice vote which did not show the actual division of the members. Less restrictive substitutes, however, had been turned down in the Senate 51 to 27, three votes shy of the two-thirds.

FIREWORKS CONFISCATED

Moline, Ill., June 25—(AP)—Police today confiscated 500 worth of fireworks and arrested two persons on charges of illegally selling the holiday explosives.

John Bauersfield, 32, of Rock Island, and Mrs. Bessie Henson, 44, of Moline, will be given a hearing Tuesday.

Jury Finds Divorcee Guilty In Safe Theft

Carlson City, Nev., June 25—(AP)—A petite French divorcee was convicted today of complicity in the \$1,500,000 residential burglary of an eccentric millionaire—a married man who, she said, consented to the robbery in a "bedroom bargain."

A federal court jury of eight men and four women swiftly decided that Mrs. Jeanne D'Arc Michaud, 36, was "guilty as charged" of transporting \$147,000 of the stolen property across state lines. She displayed no emotion.

The penalty could be as much as 5 to 10 years in federal prison. Federal Judge Roger Foley referred the case to the probation officer for a report June 30. Sentencing was delayed until then.

The jury deliberated only 14 hours. "Bedroom Consent"

The question before the men and women of the jury was whether the peppy, tiny French divorcee had the "bedroom consent" of eccentric millionaire La Vere Redfield to steal his \$1,500,000 safe.

That defense was offered by Mrs. Michaud from the witness stand. She spoke of herself as Redfield's sweetheart.

Redfield denied her accusation and her contention. But he was so indirect and indecisive in his answers that he stirred the wrath of Judge Foley.

The government had to serve a bench warrant on Redfield in order to get him into court to testify.

## Torrid Heat Parboils Most Of The Country

By The Associated Press

Summer turned up the burners Wednesday and parboiled half of the nation.

Millions of Americans endured the hottest day of the year. The mercury got up to 94, top mark for the year in Philadelphia. Three persons collapsed and one died there.

New York City had a record for the date and its highest reading of 1952—96.5. Chicago's official thermometer registered 95.7. The record for the date, 95.8, was established in 1923.

Wednesday was the ninth day this month that Chicagoans simmered in temperatures of 90 or higher. The average for a full year is only 12.

But St. Louis folks have watched the mercury reach or exceed 90 on 20 days in June.

Most Of Nation

The hot, humid air covered a tremendous section of the U. S. It extended from the Gulf of Mexico to the Great Lakes and from Texas to the Atlantic coast.

No quick, widespread relief was in sight.

A cool front stretched from far northern Michigan southwestward through Minnesota to the Texas Panhandle. But the Weather Bureau in Chicago said it was moving slowly in a southeasterly direction.

Cooler conditions were forecast for Iowa, Wisconsin, Minnesota and upper Michigan.

Crops were burning up in Arkansas. It was the 33rd straight day without substantial rain in that state. Detroit city officials were drafting an ordinance curbing the use of water for air cooling systems and for sprinkling lawns.

Scattered thundershowers were reported early Wednesday in the upper Mississippi river valley and in the northern Great Lakes region. There was a light rain in the western parts of the Dakotas.

But most of the country had fair weather.

Knocks Out Water Main In St. Louis

St. Louis, June 25—(AP)—About 5,000 homes in St. Louis county were without water today as heat wave temperatures jumped to a June 25 record of 101 degrees.

The water shortage occurred when a connecting joint on a 36-inch transmission line "blew out" this morning. Service was restored several hours later.

Today's high, matching the peak temperature reached twice before this month, gave St. Louis its 20th day of 90-degree or higher temperatures in June. The previous high for the day was a 99.7 recorded on June 25, 1931.

White House Dry As Giant Water Main Explodes

Washington, June 25—(AP)—With Washington engulfed in a record-breaking heat wave, a giant water main burst today cutting off water to the White House and much of downtown Washington.

Officials said they hoped to get the break repaired by tomorrow.

Thousands of Washingtonians were caught off guard without a drop of water in the house. The break occurred shortly after 2 p.m. E.T. hours before most housewives normally draw water for cooking purposes.

The big downtown hotels immediately began "rationing" water. The Statler stopped washing dishes and halted room service orders for ice cubes.

At the White House, the air conditioning system was cut off, but that didn't bother President Truman who dislikes it. The president's wife and daughter, Margaret, were out of town.

Quick action by the White House staff made water available for Truman to bathe. As soon as staff members heard of the break, they filled a lot of 40-gallon cooking cauldrons with water.

The break in a giant 48-inch main shut off water over a wide area ranging from Georgetown to Capitol Hill.

The mishap occurred as the mercury hit 98 degrees, shattering the 77-year record for June 25 heat in the nation's capital.

## Congress 'Asks' Truman To Use Taft Labor Act

### Attlee Says Bombs Hurt Peace Chance

London, June 25—(AP)—Former Prime Minister Attlee charged today that the big American bombing of Yalu power plants in Korea carried the "conditions of total war" to Red China and endangered chances of an armistice.

"I think this is a profound mistake in psychology and it is not the first mistake in psychology that has been made in the course of these events," the Labor party leader told the House of Commons in a full debate.

In reply, Foreign Secretary Anthony Eden said he was "sorry" Britain had been kept in the dark on plans for the bombing but "we give our allies full support in it."

Eden said he would not like to estimate whether the action had lessened the chances of an armistice, adding, "if this bombing is intolerable to the Communists they really have the remedy in their own hands. An armistice can be concluded tomorrow on terms which satisfy the honor and interests of both sides if the Communists want it."

A Moscow dispatch said the House of Commons debate over Korean affairs was almost sure to be interpreted by the Russians as a serious division in British-American relations.

Several laborites surprised Prime Minister Churchill yesterday with demands for information about the bombing which leveled power installations on the Korean side of the Yalu river border, with Manchuria. They forced him to agree to a general debate.

Attlee said today the power plants supplied not only North Korea but part of Manchuria in Red China and Siberia in Soviet Russia, and there seemed to be "no overwhelming reason for the attack upon them at the present time."

Armistice talks had narrowed down to the question of Red prisoners to be repatriated, he said, and "there is suddenly injected into this an attack on these power stations."

Aneurin Bevan, leftwing Laborite, chimed in with the assertion that "if a military solution is the only one left (in Korea), World War III is on our hands."

Cries from the conservative benches interrupted him, but he went on to declare that the Korean situation could be solved if the United States would "accept the Chinese revolution as an accomplished fact."

Mother Pleads For Driver Who Hit Her Daughter

Chicago, June 25—(AP)—A mother pleaded successfully today for the discharge of a man whose auto struck and critically injured her 4-year-old daughter.

The man, Alex Dolenga, 36, a Chicago cab driver, appeared before Municipal Judge Casimir V. Cwiklinski on a charge of failing to yield the right of way to a pedestrian. His auto struck the girl, Lou Ann Boers, when she ran into the street Feb. 22 after a snowfall.

The girl suffered a broken neck, broken legs and a brain injury. Her left side still is partially paralyzed.

The mother, Mrs. Camille Boers, said that since the accident Dolenga had withdrawn his savings of \$700 from the bank and sold his car to pay \$1,000 on the girl's hospital and doctor bills.

Had volunteered to pay \$30 a month for her care for the next three years.

Had cancelled his plans for a vacation in Montana for himself, his wife and their three children and is working overtime to raise the money.

"I've done all I could," Dolenga said.

Judge Cwiklinski dismissed the charge saying, "It's been a long time since it has been such a plea to me to discharge a defendant."

With that ruling, Lou Ann smiled and helped herself to a piece of candy from a sack Dolenga brought into court for her.

ROB SLOT MACHINES SEIZED IN KENTUCKY

Frankfort, Ky., June 25—(AP)—Sixty-nine slot machines the state seized last month have been robbed.

State Police Capt. Joe Hall said someone entered the locked room in the state office building where the machines are stored and pried open many of them. He said he probably would never know how many coins were taken.

The state hadn't opened the machines pending a final court order in the fight for their possession.

### Political Review

By The Associated Press

Gen. Dwight D. Eisenhower passed the 400-mark for the first time Wednesday in the race for delegates to the Republican national convention and now has slightly more than two-thirds of the 604 votes required for nomination.

A new poll of Pennsylvania's possibly "crucial" 70-vote delegation shows Eisenhower has picked up a net gain of six votes over his chief rival, Senator Robert A. Taft of Ohio.

The five-star general still trails Taft in the red-hot national battle for delegates, however—and in Washington there was renewed speculation that the GOP convention might become hopelessly deadlocked. In that event, both Taft and Eisenhower might be shunted aside to make way for a "dark horse" compromise candidate.

The latest Associated Press tally—based on a new survey of the Pennsylvania delegation—shows Taft with a nation-wide total of 483 delegates to 405 for Eisenhower.

This is based on delegates pledged, instructed or willing to express a first ballot choice, and on candidate concessions.

Says Keynoters Like Ike

Meanwhile, Gov. Fine disclosed he polled 20 Pennsylvania delegates after Tuesday's meeting with Taft and found a majority of them favor Eisenhower.

Fine himself still maintained a sphinx-like silence on his choice between Taft and Eisenhower. In a pinch, his decision could spell victory or defeat for either man at the Chicago convention 12 days hence.

Taft told a news conference in Washington that his differences with Eisenhower on foreign policy boiled down to a question of "emphasis and not of basic principle." As an example, he commented:

"I don't put the European aid program as high on the list of priorities as he does."

The Ohio Senator, explaining an earlier statement that he doesn't favor U.S. air bases on the continent of Europe, said he was talking about conditions when the time came to withdraw American troops from Europe.

Taft said he favors keeping adequate air power in Europe to support the western defense effort until the Europeans can take over the entire responsibility themselves.

Then, he said, the Americans should withdraw to bases in Africa and other strategic spots. They might stay in England, he said, if the British want U.S. air power left there.

In Denver tonight (Thursday), Eisenhower will deliver a speech on domestic policy over a coast-to-coast radio hookup (CBS, 8:30 p.m. CST). He is expected to renew his attack on federal controls over the nation's economy, particularly the Truman administration's wage-price control policies.

## THE NEW SWIMMING HOLE

It is the normal fashion of oldsters everywhere to be-  
moan the changes which have come over the face of  
society since they were young. The "good old days," seen  
through the romantic haze with which time has a habit  
of enshrouding the past, invariably makes them seem  
better than they actually were.

A case in point is the old swimming hole. It wasn't  
too many years ago when the gang hopped in the old  
flivver and went out to Sandy creek to swim. Or maybe it  
was Mauvaisterre creek or one of the numerous ponds  
hereabouts. Or perhaps a surreptitious dip into forbid-  
den Morgan lake. Wherever it was, the water felt good  
on hot little bodies, the comradeship was tops and the  
exhilaration which comes from an adventure made such  
expeditions never-to-be-forgotten events.

But these expeditions had their dangers, too, re-  
membered more often in moments of silence than in a  
knee-slapping recollection. More than one youngster, who  
went along when he did not know how to swim, lost his  
life. And there was always the lurking danger that even  
a tolerable swimmer might step off into an unseen hole  
and be drowned, or would be swept suddenly down-  
stream by a current which he hadn't realized was there.  
Death and sickness all too often went along with these  
exciting expeditions to the old swimming hole, too.

It was clearly a long step forward, therefore, when  
the Nichols Park swimming pool was constructed quite a  
few years ago. And it was another step forward which  
was taken by the Y.M.C.A. and the Red Cross in recent  
years when they organized swimming classes under the  
expert direction of trained instructors. Now the dangers  
of the past, of the "good old days," are largely amelio-  
rated. Parents can go about their day's work safe in the  
realization that Johnny or Mary is learning to be a good  
swimmer without the once ever-present danger. In fact,  
the youngsters today enrolled in the Nichols Park  
swimming classes, are probably learning to be better  
swimmers than their grandfathers ever were. They have  
the best instruction there is, while the old boy learned by  
observation and haphazard help from the older boys.

Let "the good old days," at least in this one matter,  
be buried. Let them fade away without lament. All hail  
to the new swimming hole and the swimming classes go-  
ing on there.

## Boyle's Column

BY HAL BOYLE  
ALBUQUERQUE, N. M.—P—  
After the man lies down and dies,  
his house stands and remembers.

Sometimes strangers take  
over the house,  
and the man who  
built it is for-  
gotten.

It has been the  
other way with  
Ernie Pyle. Thou-  
sands of strangers  
have passed  
through the small  
white cottage he built here as a  
refuge from his wanderings. But the  
more who come, the more Ernie  
Pyle is remembered.

Ernie at his death passed out of  
the stream of the world's news.  
But he has never lost his peculiar  
hold on the American heart. In  
death he still gives a feeling of  
quiet comfort to those who visit  
the little spot out of all the world  
he picked as his anchor against  
life's disaster.

He has a perfect memorial. His  
simple white clapboard cottage with  
the white picket fence around it,  
surely a tribute to his love of his  
Indiana upbringing, is now a city  
library. It has ten thousand books.  
The garage that Ernie turned into  
a guest room is about to be con-  
verted into a children's reading room.

I think Ernie, who had a lot of  
trouble but no children to give him  
the trouble that rewards, would like  
that. In his own childhood he didn't  
have so nice a place to go and read.  
Ernie and "that girl"—his wife,  
Jerry—had slept in 800 hotels in six  
years and journeyed 250,000 miles  
when they chose to make a gypsy  
retreat here. One of the reasons  
was to give a shelter to the books  
they had gathered.

"We were like trees growing in the  
sky, without roots," Ernie wrote. "So  
we decided to acquire—sort of a  
home plate, that we could run on  
occasion, and then run away from  
again."

Why did he choose Albuquerque as  
his traveler's rest? In a piece ex-  
plaining why he mentioned as an-  
other loved place, Honolulu, where he  
buried today among the dog-  
boys whose death he shared. But in  
life he gave this explanation for set-  
tling here:

"Our front yard stretches as far as  
you can see. Mt. Taylor, 65 miles  
away, is like a framed picture in our  
front window."  
He mentioned also the friendliness  
here, the vastness, the rabbits that  
came out every evening, the quail on  
his lawn every morning, the meadow  
arks across the unpaved road that  
said things like "your face is awfully  
pretty," and "here comes the preach-  
er."

I thumbed through Ernie's own  
small cluster of books in the library  
and found a sentence he wrote in  
London in 1941 that I have never  
forgotten:

"...could not bear to think that  
for me there might never, never be  
another spring."

So far as I know that was the only  
time Ernie put into print his own  
desire to live. And as I stepped down  
the warm Albuquerque sun from the  
home that Ernie built and never  
I loved to really enjoy I felt—well,  
I felt I really gave half of the un-  
known part of life that I have left

myself for five minutes there in the  
sunshine with him alive again.  
If the Lord ever built friendship  
in a man, he put it in Ernest Taylor  
Pyle, dead at 44.

## WHAT'S RIGHT

And by the good hand of our God  
upon us they brought us a man of  
understanding, of the sons of Mahli,  
the son of Levi, the son of Israel;  
and Sherebiah, with his sons and  
his brethren, eighteen.—Ezra 8:18.

The eve of the understanding is  
like the eye of the sense; for as  
you may see great objects through  
small crannies or holes, so you  
may see great axioms of nature  
through small and contemptible in-  
stances.

## THOUGHTS

A house is being built in your  
neighborhood and the builders have  
made it plain that they don't want  
children playing around or in the  
house.

WRONG: Make no effort to co-  
operate.

RIGHT: Teach your children to  
respect the property rights of others  
by forbidding them to play where  
they are not wanted.

Hollywood —(NEA)— Exclusively  
Yours: Starting in a full-length  
movie without saying a single word  
may be right down Harpo Marx's  
alley, but Ray Milland's confessing  
he's never worked so hard in all his  
20 years in Hollywood.

As the hero without dialog in Pro-  
ducer Harry Popkin's "The Thief,"  
a chase movie in which no one says  
a word, Ray told me:

"I've discovered that dialog cov-  
ers a multitude of sins. You can read  
lines and be thinking about some-  
thing else. But without dialog, if  
your mind isn't on what you're do-  
ing, it shows up on the screen. Be-  
lieve me, I've dug up reactions I  
never knew I had."

Stars of the silent films even had  
it easy compared to his role. Ray  
sighed. "They talked and then their  
words were flashed on the screen. I  
can't even open my mouth."

Sterling Hayden's pals are all  
smiles. The big, rugged star is once  
again living under the same roof

Ted Donaldson, a child star only

### Self-Treatment Often Makes Athlete's Foot Hard to Cure

BY EDWIN P. JORDAN, M.D.

Written for NEA Service

Summer is the time when ring-  
worm, athlete's foot or dermatophy-  
tosis, as it should be called, is  
likely to become an increasing prob-  
lem.

This is because people perspire  
more in warm weather and moisture  
favors the growth of the fungus  
causing this condition. It is also be-  
cause more people engage in ath-  
letics and the chances of exposure  
are increased.

The feet, between the toes, the  
hands, the groin, and the scalp, are  
favorite locations for this condition.  
Dermatophytosis may take various  
forms such as blistering, scaling,  
cracking, lumps or callous-like le-  
sions of the skin. Itching is frequent.  
Furthermore, many people have mild  
fungal infections which they do not  
recognize, and allow to go on for a  
long time without treatment.

Some time ago, the Council on  
Pharmacy and Chemistry of the  
American Medical Association, made  
some recommendations on dermatophy-  
tosis which include the follow-  
ing:

The feet should be kept clean and  
dry with special attention to places  
between the toes.

The shoes and socks should be  
aired when not in use. What shoes  
are selected should be chosen with a

view to making them as light and  
well aired as compatible with work-  
ing conditions.

A dusting powder consisting of 10  
percent boric acid in talcum powder  
should be put on the feet, in be-  
tween the toes every night and  
morning.

The council suggested the follow-  
ing policy as to treatment:

1. Only the mild lesions that occur  
between the toes should be treated by  
the patient himself, that is  
where the lesions exhibit only scale-  
ness and perhaps mild redness and  
itching. Considerable redness,  
moisture, pustule formation or pain  
call for the attention of the physi-  
cian and the physician only.

2. Such mild cases can be treated  
as follows: Observe regulations just  
laid down for prophylaxis (preven-  
tion); nothing is safe as a local ap-  
plication except boric acid foot pow-  
der.

## GO TO DOCTOR EARLY

Self-treatment or over-treatment  
of these infections frequently makes  
them much more difficult to cure.  
The particular fungus responsible  
can be identified only with the aid  
of the microscope. Proper treatment  
depends on the kind of infecting  
fungus found, its location, and the  
duration and severity of symptoms.

## The World Today

BY JAMES MARLOW

WASHINGTON—P—Be prepared  
to get dizzy between now and next  
Monday.

Between now and then Con-  
gress must decide  
whether it wants  
to keep price and  
wage controls.

This is what  
can happen:  
1. Congress will  
just let all con-  
trols die.

2. Congress will get so messed up  
in disagreement that just before the  
Monday deadline it will vote a stop-  
gap measure to keep the controls a  
little longer, until it can get un-  
messed and make up its mind.

3. By some miracle both houses  
can agree by Monday on a single bill,  
which President Truman considers  
workable to keep the controls  
beyond June 30.

4. Congress can produce a bill to  
keep the controls, but one which  
Truman considers so unworkable  
that he'll veto it. That will kill all  
controls unless Congress then comes  
back with a bill he does approve.

There can be no continuance of  
controls at all unless both houses  
agree by compromising their differ-  
ences which are plenty, on a  
single bill to offer the White House.  
The Truman administration wants  
the controls continued.

## A Glance INTO THE PAST

10 YEARS AGO

John Deem, Jr., found an 1854  
Indian penny while working in the  
garden at his home on North Dia-  
mond Street.

A new modern resuscitator was  
presented to the Jacksonville Fire  
Department by the Lions Club.

Mrs. Ellen Shannon, 81, died at  
her home northwest of Woodson.

Three Jacksonville women, Mrs.  
Imogene Lehman, Miss Dorothy  
Robinson and Miss Christine Cox,  
were injured in an automobile acci-  
dent near Bloomington, Ill.

20 YEARS AGO

Herman Carls of Virginia died at  
Our Saviour's Hospital in Jackso-  
ville.

Morgan county farmers began  
harvesting the spring wheat crop.  
Eugene Doyle of near Rees Station  
reported that thieves stole 50 hens  
from his farm.

A blind horse fell into an old  
pumping hole at the Jacksonville city  
pumping station, but was quickly  
rescued.

50 YEARS AGO

Sol Hoffman purchased the T. H.  
fell residence on West State Street.  
The first watermelons of the sea-  
son were exhibited in the window of  
the Widmayer Meat Market.

Major W. H. Dalton, South Church  
street grocer, advertised "union  
bread, union cigars, union tobacco  
and non-union butter."

Some residents reported there was  
a light frost. It was the coldest night  
of the month.

### UN Armistice Offer to Reds Has Unusual, Stormy History

BY PETER EDSON

WASHINGTON—(NEA)—A heap of

controversy is piled up in two basic  
policy decisions that have been  
made by the United Nations on con-  
duct of the Korean truce negotia-  
tions.

The first is that UN forces in  
Korea will continue to abide by the  
Geneva convention of 1949 on the  
treatment of North Korean and  
Chinese Communist prisoners of  
war.

The second is the offer to permit  
Communist forces to build airfields  
in North Korea during a truce, in  
exchange for agreement that the  
United Nations will return to the  
Communists only those prisoners of  
war who wish to go back.

This is the background:

In the early days of the Korean  
war, the guarding of captured North  
Koreans was largely entrusted to  
South Koreans. There were two  
main reasons. The first was that  
the South Koreans spoke the lan-  
guage of their captives and pre-  
sumably knew how to handle them.  
The second was the necessity of  
releasing all possible U. S. and UN  
troops for combat duty.

Republic of Korea forces had  
never heard of any Geneva con-  
vention on the humane treatment of  
prisoners of war. When a Commu-  
nist prisoner called some insult  
through the barred wire to a South  
Korean guard, the South Korean  
simply turned around and shot him.

In this period there was little  
trouble from prisoners. But viola-  
tions of the Geneva convention with  
regard to humane treatment of  
prisoners were so numerous that  
Gen. Matthew B. Ridgway, then  
commanding the field forces, had  
to make a change. The ROK's were  
withdrawn from guard duty and UN  
troops took over.

## Overcrowding Was Main Cause Of Trouble

There is no evidence that any  
orders were given to "mangle" the  
Communist prisoners. But it was  
under this more humane treatment  
that first trouble arose in the pris-  
on camps, about a year ago. Humane  
treatment was not, however, the  
only factor.

Concentration and overcrowding  
of prisoners in compounds on Koje  
Island was a prime cause. An ap-  
parent decision on the part of the  
Communists to make propaganda  
for the return of all prisoners and  
to make this a condition of the  
cease-fire agreement is what re-  
sulted in the riot and led to the  
capture of Brigadier General Colson.

Just before General Ridgway  
turned over his Far East command,  
he recommended to his successor,  
Gen. Mark Clark, that this policy  
on humane treatment of Communist  
prisoners be reviewed.

The high moral ground of this de-  
cision has been generally supported  
by U. S. public opinion. It is, never-  
theless, considered a high price to  
pay for allowing the Communists to  
rebuild airfields in North Korea  
during an armistice—if the Com-  
munists accept this deal.

General Ridgway is believed to  
have opposed this offer even though  
he announced it last May 7. The  
reasoning is this:

At the present time Communist  
jet planes based in Manchuria can  
carry enough fuel to reach only  
the 38th parallel. Using reconstructed  
airfields in North Korea, they  
would command all Korea.

With the build-up of Communist  
airpower to superiority, the Red  
hordes might be able to drive UN  
forces off the peninsula. If that  
should happen, Japan itself would  
be almost indefensible.

Apple, celery and nut salad, bro-  
coli summer salad and cole slaw  
with buttermilk dressing are just  
a few suggestions for making sum-  
mer menus more enjoyable.

## Cole Slaw With Buttermilk Dressing

Shred a head of crisp cabbage pap-  
er thin. Add 2 small onions, sliced  
thin, 6 stuffed green olives and a  
few capers plus caper juice. Salt to  
taste.

Dressing: Use 1 teaspoon salt,  
some freshly ground pepper, a pinch  
of turmeric, a pinch of curry powder,  
1 teaspoon Worcestershire sauce, and  
1 cup mayonnaise. To this mixture  
add enough buttermilk to make con-  
sistency of thick cream. Pour over  
salad materials and toss until com-  
pletely blended.

That recipe comes from the new  
"Elsie's Cook Book," one of our fa-  
vorites of this year. So do the follow-  
ing recipes:

## Broccoli Summer Salad

Cut up leftover ice-cold broccoli  
into a bowl. Add sliced tomatoes and  
cervelat sausage, leftover cooked milk.

## TOMORROW'S MENU

BREAKFAST: Stewed prunes,  
prunes, ready-to-eat cereal, poached  
eggs on toast, coffee, milk.

LUNCHEON: Broccoli summer  
salad, French dressing, Liederkrans  
cheese, dark bread, fresh fruit, iced  
tea, milk.

DINNER: Cold sliced turkey, cas-  
erole of kidney beans with green  
peppers and tomatoes, hot rolls, but-  
ter or margarine, cucumber, onion  
and radish salad, sour cream dress-  
ing, chocolate layer cake, coffee.

### Divorced Parents Late Saving Children From Unpleasantness

The problems that arise concerning children of divorced parents are  
many and varied.

An unusual problem comes to light in the case of Joe DiMaggio and  
his ex-wife, who is the mother of his 10-year-old son. According to news-  
paper reports, she doesn't think it is proper for Joe to take the boy on  
his dates with other women and wants court action to put a stop to it.

Very little that happens to children of divorce is either right or  
proper.

It isn't right or proper for a child to have his custody fought over in  
court. It isn't right or proper for a child to live with only one parent—  
when he has two living—or to be passed back and forth from one to the other.

It isn't right or proper for a child to watch a parent dating first one  
person and then another, always wondering: "Will this one be my new  
mother—or father?"

## Morgan Fair Catalogue Now Being Distributed

Jack Wise, president of the Morgan County Fair Association, announced Wednesday that the catalogue for the 1952 fair has been published and is now being distributed.

It contains all the rules and regulations governing the big show.

The catalogue, a fat 130-page booklet handsomely bound with a yellow cover, is now being mailed out to each advertiser and is available upon request at the Fair Bureau and at the Fair association's headquarters. It is free upon request to any exhibitor at the fair.

The catalogue lists the various categories of exhibitions and the personnel who will manage the exhibits and do the judging. Among the rules listed is one which requires that entries must be "in place" at the fairgrounds by 9 a.m. Monday, July 28. The booklet also says that livestock exhibitions are governed by the rules which control like exhibits at the Illinois State Fair in Springfield.

### Convenient Booklet

Wise commented that "we have published a convenient booklet which gives all the rules in readable form. There should be a minimum, if not a complete absence, of last

minute confusion and mix-ups which sometimes mar exhibitions of this type."

He praised the committee which handled the arrangements of editing and publishing the booklet. "We are off to a good start," he said.

The association president also announced that season ticket sales for the fair, which will be staged July 28, 29 and 30 at the fairgrounds west of the city, "are going very, very well. We are very happy the way the citizens of this community are supporting our attempt to make the fair once again the big event it always used to be."

Wise said there are plenty of tickets still available for the purchase price of \$2. "We want to make this an event in which every man, woman and child in the county will take part, either by entering exhibits or just by coming out and enjoying himself. A ticket purchaser can't miss. For just \$2 he will admit himself to three days of entertainment in all the joys which so many generations of Morgan county citizens prize as the highlight of the summer season."

### Seven Locations

Tickets may be purchased at seven locations throughout the city. They are the Elm City Cafe, Wise & Dowland Implement company, Long's drug store, Lukeman's clothing store, the Jacksonville Production Credit Association, the V. F. W. post, Templin & Wright grocery store on Morton avenue and, on Friday nights, the Fair association offices at the fairgrounds.

Fair authorities said that rest-room facilities at the fairgrounds are being refurbished, new plumbing is being installed and every convenience is being constructed for the comfort of the fair-goer.

Facilities for livestock exhibitions also are being readied and "we expect to have everything in tip-top shape for animals and people before long," Wise commented.

"This will be an exposition which Morgan county will long remember," the fair head concluded. "It will rank right along with the very best in the county's history."

Otto (Spow) Willner, 636 North East street, has worked hard for 54 years. After Friday, June 27, he looks forward to sitting around more, like he is doing in this picture.

Mr. Willner will retire from the Swift & Company meat plant on that date after 54 years as a meat worker in this city.

He was born 69 years ago in a house that stood where the Swift & Company meat plant now stands, at Johnson and Center streets. His parents were Fred and Christina Willner, who had seven children. Otto Willner, Carl Willner of Jacksonville and Mrs. Mollie Truter of Springfield are the surviving members of the family.

In 1898 at the age of 15 years Mr. Willner went to work for the late Charles Widmayer as a bone trimmer in his butcher shop. "That was back in the days when wages were

## Bring Charges Against Driver: Hearing June 28

Ivan Mitchell of Illinois avenue, said to have been the driver of a 1939 Ford pickup truck which was involved in a series of collisions and "near misses" Tuesday night, faces three traffic violations.

Held under \$100 cash bond at the police lockup Wednesday, Mitchell is accused of reckless driving, leaving the scene of an accident, and failure to possess an operator's license. His case will come up at 9 a.m. Saturday in police magistrate's court.

Police arrested Mitchell and also took in his wife, Ed Payne of Illinois avenue, and Anna Stone of Paris, Mo., for questioning. The latter three were released without charges.

## Save Roodhouse Boy From Lake

Roodhouse—Paul Wyatt, 13, was rescued from a deep section of the city reservoir Wednesday morning after he struck his head on an object while swimming. The youth was pulled from the water by Charles Utt, caretaker at the reservoir.

Young Wyatt was engaged in a swimming race with several companions when he is reported to have struck something, probably a submerged log. He was revived by Dr. F. Earl Walker and was taken home in the Mackey ambulance.

The near-tragedy occurred shortly before noon. Later in the day the boy's condition was reported satisfactory.

Take Dr. Edwards' Olive Tablets. They are all vegetable and so mild many folks have taken them for years—no need to increase dosage. Olive Tablets establish rhythmic activity to assure complete, more natural-like bowel movements. They clean out waste from the entire intestinal tract! 15¢, 30¢, 60¢.

**DR. EDWARDS' OLIVE TABLETS**

Four of the 13 are from township 9 range 13 and they are William K. Platt, James Ivers, Emert Evans and Froman Holtzworth. A fifth candidate, Thomas Handlin filed for the office but withdrew his candidacy.

Three filed from township 10 range 13 and they are Luther Smith, Kenneth Brannan and Kenneth Byland.

Four have filed from township 10 range 12 and they are Jack McDonald, Jake Shelton, W. L. Carpunky and Donald Allen.

William Pinkerton was the only candidate from township 11 range 12 and George Cory was the only candidate from township 9 range 11.

As two of the townships have four candidates each only three may be elected from each township in accordance with the provisions of the law which states that only three may serve on the school board from a congressional township.

Following the election of July 5, G. W. Lowe, county superintendent of schools is calling a meeting of the newly elected board of education to be held Tuesday, July 8 at 7:30 p.m. in the Carrollton public school for organization purposes.

Mrs. Leona Kerker of Huntsville, Ill. writes, "Since taking Rennel Concentrate I feel like a new person. I lost 30 lbs. while following the Rennel home recipe and did it so easily in just 2 weeks. I say there is nothing like Rennel for reducing and can recommend it to all those overweight."  
It's amazing how quickly you can lose unsightly fat at home. Obtain liquid RENNEL at your druggist, mix with grapefruit juice or juice of two lemons as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle, return it to the manufacturer for your money back. You need never know a hungry moment while reducing with RENNEL.

Service!**

Drive to your nearest Conoco Mileage Merchant and ask for Conoco's great new "50,000 Miles—No Wear" Service—a service that helps your engine stay like new year after year, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test! In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

## Here's the Famous "50,000 Miles—No Wear" Service!

① Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

② He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record the mileage. Every time hood is lifted, he'll check the mileage to make sure filters have been serviced at proper intervals.

③ He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust and OIL-PLATE against wear.

## N. Y. Heat Too Much For Sugar Ray; Win To Maxim In The 14th

### Heat Bothered Maxim; Would Have Won Earlier

New York, June 25.—(P)—The unmarked Joey Maxim and his jubilant manager, Jack (Doc) Kearns, held a happy open house in their dressing room after tonight's sweat bath.

The first thing the winner insisted upon after a corps of husky cops had escorted him from the ring, was that the heat hurt him just as much as it did Ray Robinson.

"If it had been a cool night I would have been stronger and might have got him quicker," declared the swarthy, Cleveland fighter. "It was tough staking him around in that heat, believe me."

"Sure, I knew I was behind on points, but it didn't bother me. I knew I would get him sooner or later. About the 13th round, I began to wonder if the rounds were going to run out on me."

Kearns, getting in an occasional word through the barrage of questions hurled at his perspiring gladiator, asserted he had never been worried.

"I knew we could knock him out any time after the 10th," the Doc said. "I didn't start him moving until after the 12th."

Maxim said he could recall being hurt only once. That was when a solid Robinson right caught him on the chin along about the seventh round.

"I wouldn't say he hurt me much, though," Joey added after a moment's thought. "I would say it stung me. I take a pretty good belt, you know."

"Ray's a great fighter—great. He's fast and he's cute with those combinations of his. Yeah, I was surprised when he started out so fast, but I was glad that he did. I knew that he couldn't keep that up for 15 rounds, not when I was digging them into his middle."

"Maybe those short punches didn't look like so much, but they were slowing Robinson down all the way. Doc told me to just keep it up and not to worry."

Kearns told newsmen that absolutely nothing was said about Maxim's future. He said they might stick around New York and fight Rocky Marciano or Harry Matthews, or, on the other hand, might go to London and take on Randy Turpin, the recently crowned British lightweight champion. A London writer, here for tonight's scrap, assured Kearns that a Turpin fight would draw at least 50,000.

Maxim said he didn't care who he fought, just as long as there were more paydays like tonight.

## Giants Take 3-2 Decision From Reds, Stand Pat

New York, June 25.—(P)—The New York Giants took a 3-2 decision from the Cincinnati Reds today to make a sweep of the three game series and remain four games behind the pace-setting Brooklyn Dodgers.

A single by Whitely Lockman with two out in the eighth inning sent Sal Yvars home from third to break a 2-2 deadlock. Yvars had opened the home half of the inning with a single off Frank Smith and moved to third on a sacrifice and a fielder's choice. Smith was charged with the defeat, his second in two days.

## FAN BREEZES

BY BOB MERRIS

You'll not see better softball in the state tournament come August than 500 fans witnessed at Nichols Park last night. That pitching duel between Alton Roedner and Bob Hogan of New Berlin should go down in the records as one of the greatest ever witnessed in Nichols Park.

Roedner is a veteran of many, many softball campaigns. He's a 240 pounder who claims to have lost his fast ball several years ago and gets by mainly with a cutesy curve. Hogan, on the other hand, is an 18-year-old youngster on his way up in Illinois softball circles. The slight youngster won't weigh 165 pounds with sand in his shoes but can really blaze that ball across.

But both these great pitchers may have to take a back seat to the big, colorful gent who will be tossing 'em across for the Macomb Moose against Greenfield tonight. Bill Boyer is coming back to Jacksonville to attempt to put his club into the semi-finals of the tournament. He's recognized as one of the top twirlers in the state. He won't stand for either Roedner or Hogan being tabbed better pitchers than he. He's that kind of a guy. He'll be out to prove that he's still the top moundsman in this section of Illinois.

We'd like to add two more sparkling young Jacksonville pitchers to the list we compiled earlier. Rich Dixon is doing an okay job for his Dad's club in the men's circuit. Bob Garner is no slouch in the slab department as his record with Murrayville attests.

Joe Doyle, Jacksonville's only entry in the men's amateur golf tournament being conducted at Quincy this week, failed to qualify.

About 75 Virginia kids were knot-holders at the St. Louis Brown-New York Yankee baseball game in Sportsman's park yesterday afternoon.

Paul Lasley, a wonderful local athlete with Jacksonville high and Illinois college, has been notified of his appointment to West Point. Watch for his name on Red Blaik's football roster this fall.

Promoter Joe Shaheen reminds Morgan county fans that he's holding stock car races on the Springfield Speedway every Thursday and Sunday night. AMA motorcycle races will be conducted there on the night of July 4th. Joe's also showing a big fireworks display in competition with the Morgan county fairgrounds display here on the same night.

Speaking of bike racing, Bill Tuman, who raced here in May, won the 20-mile National Championship in record time of 14:14.91 at San Mateo, Calif., last weekend. Tuman, a very popular rider, hails from Rockford.

Robinson's wife, Edna Mae, was hysterical outside the dressing room. "Let me in, please someone let me in," she said. "I want to see him."

It was Robinson's third loss and his first knockout defeat in his career dating back to 1940. Jake La Motta beat him on a 10-round decision in 1943 before he ever held a title and Randy Turpin whipped him over the 15-round route to win his middleweight crown in London last July. Ray won the title back in dramatic fashion by a 10th round knockout in New York last September.

As for Maxim, he was unsure of his future plans. However it is likely the IBC will match him with Jake La Motta, former middleweight king, in Detroit in late summer.

## Knuckler Gives Wee Shantz Extra Pitch, But Athletics' Ace Is Cannon In Disguise

By MURRAY OLDERMAN  
NEA Staff Correspondent

New York (NEA)—Not so long ago, Dizzy Dean eloquently sized up what makes little Bobby Shantz of the Athletics the big man among major league hurlers.

"If I had a game I wanted to win, then Shantz would do the pitching," said the man who "slud" when he should have "slid," but doesn't have to conjugate verbs to recognize pitching class.

That's more than a gateman at Cleveland's Municipal Stadium could do a couple of years ago when boyish Bobby sauntered up to the clubhouse entrance.

"Scram," growled the custodian. "This is for ball players only."

Bobby had to twiddle his thumbs outside the park for half an hour until teammate Sam Chapman bailed him in.

At five feet seven and a wiry 150 pounds, Shantz is one of the smallest pitchers to make the majors, and maybe the best of the little men.

**BUNT INTO HIS HANDS**  
Jimmy Dykes says he's the greatest fielding pitcher he ever saw, and Bucky Harris seconds the statement.

"Only a fool would try to bunt against him," nods Manager Dykes. "In four years only two bunts have gone for hits."

Jumbo, as some of the boys on the A's call him, credits his fine start this season (of Philadelphia's first 24 victories Bobby picked up 12) to improved control and a knuckler which gives him that "extra" pitch in the clutch.

"His ball's always movin'," points out first baseman Ferris Fain. The Shantz fast ball, coming from such a small gent, still draws oohs and aahs.

His 212 strikeouts in 214 innings with Lincoln of the Western Association in 1948 prompted Manager Joe Becker of Sioux City to complain:

"There oughta be a law against disguising a cannon in such a small package."

That was Bobby's inaugural season. He won 18, lost 7, and except for a brief, non-pitching tour to Buffalo, he's been up ever since.

In his full-fledged American League debut, Bobby pitched nine no-hit, no-run innings in relief against Detroit, won in the 13th.

"Aw," shrugged the tiny south-

paw, "I can do better than that."

By 1951, his won and lost tab was 18 and 12, not bad for a 26-year-old fellow with a sixth-place team.

At Pottstown, Pa., High School and on sandlot teams, Bobby Shantz was an outfielder.

"One day," he recalls, "there was nobody to pitch batting practice. So I took the job. That's how I became a pitcher."

## Dodgers Trim Giants 28-12 In Little League Slugfest

### Nieman's Homer Gives Browns 10-9 Verdict Over NY

St. Louis, June 25.—(P)—Bob Nieman boosted his stock as a candidate for rookie of the year with an eighth-inning home run that gave the St. Louis Browns a 10-9 verdict over the front-running New York Yankees today in a slugfest.

The 24-year-old outfielder's game-winning blast was off Bob Hogue, fourth Yankee pitcher, with none on and two out. Nieman also drove in Bob Young with a double that tied the score 9-9 in the sixth.

Satch Paige went to the rescue of Gene Bearden in the ninth, giving up no hits after taking over with none out and a 3-0 count on pinch batter Johnny Sain. He fanned Sain on three pitches.

## Bruins Down Phils 4-1, End Losing Streak

Philadelphia, June 25.—(P)—Manager Phil Cavarretta inserted himself into the Chicago Cubs lineup at first base in desperation and the strategy paid off as the Cubs downed the Philadelphia Phillies 4 to 1 to end a nine-game losing streak.

Cavarretta had only one hit, an infield safety, but he seemed to give the floundering Cubs enough spirit to pull them out of the doldrums.

The Phillies' Gran Hamner contributed a pair of costly errors that permitted two Chicago runs to cross the plate.

Starter Bob Kelly and reliever Dutch Leonard helped the Cubs cause by limiting the Phillies to five hits.

## Alton, Murrayville Win Thrilling Games In Nichols Park Meet

Quarter-Finals Tonight

Greenfield vs. Macomb Moose (7 p.m.)  
Squires vs. Lewis Elevator (8:30 p.m.)

Two fine softball games wound up first round action in the Nichols Park Invitational tournament last night.

The Alton Dominoes ousted New Berlin from the meet with a 1-0 victory in 11 innings of great diamond play.

The Murrayville Eagles staved off a last-inning rally to down the House of Clay 6-5 in the nightcap.

The first contest was a scoreless pitching duel between Alton's Tom Roedner and New Berlin's great young pitcher Bob Hogan for ten full innings.

Alton got to Hogan for a pair of triples in the top half of the 11th and came through with the victory.

New Berlin fought back strongly in the bottom half of the final frame. Walt Tamblin walked to open the canto and moved around to third on two outs. E. Carriger then smashed a line drive that the Alton shortstop had to leap high into the air to snare and end the ball game.

Young Hogan whiffed 40. Alton batters and gave up just four hits. Roedner allowed five hits and struck out ten.

The second game was just slightly less thrilling to the 500 fans who attended. Both clubs scored three runs in the first inning. Murrayville took its lead by adding a single tally in the second and a pair of scores in the fifth.

House of Clay pecked away for single runs in the fifth and seventh to fall short by a lone run. The Claymen had the bases loaded in the seventh but Murrayville fielding saved the game.

Bobby Garner was the winning pitcher and Dick Johnson the loser.

## Carl Erskine Allows 8 Hits, Whips Cards 3-1

Brooklyn, June 25.—(P)—Carl Erskine, who hurled a no-hit, no-run game in his previous start, was reached for eight hits today but hurled the Brooklyn Dodgers to a 3-1 victory over the St. Louis Cardinals to give the Cards the odd game of the three-game series.

Brooklyn obtained only four hits off Gerry Staley, but one was a home run by Roy Campanella which provided all the runs. The slugging catcher smacked his 10th round tripper after a walk to Billy Cox and a single by Jackie Robinson in the fourth inning.

Death in the Sierras

XV  
 DAVID began speaking with tremendous calm and decisiveness.

"To any of you who do not know Sam, I will introduce Sam Burdick. Sam surely saved Mrs. Ordell's life by carrying her from her tent to this cave and by attending to her wound, feeding her and watching out for her generally. I depended upon Sam to do just that or I'm afraid that Mr. James could not have succeeded in hurrying us back to the lodge after we found her. I protested this action, of course, because I wished to care for her myself and to make other examinations of the tent and so on. But I knew Sam would do what could be done."

"You said she was dead," interrupted Miss Hansen accusingly. "What kind of doctor are you?"

"That is a strange question to come from a nurse to her chief but you are really quite right in asking. I knew that Mrs. Ordell was not dead, only unconscious from a brain concussion and suffering from loss of blood from a surface wound that ran at a slanting angle beneath her arm. It served the purposes of justice better for everyone to believe she was dead. She had bled profusely, but not a dangerous amount and I hoped the wound would be reasonably free from infection. The blood had coagulated nicely."

"I noticed that and believed it to be because of death," said the nurse.

"Quite understandable. I knew, of course, that Sam would care for her, and so was willing to leave her in his hands. The wound proved to me just one of three things. The person who stabbed her did not do a thorough job because Mrs. Ordell may have jumped away, because whoever did it disliked the job and did not put the proper strength behind the scissors..."

"It beats me how you found the cave, Doc," said Sam shaking his head.

"It was too simple," replied David. "I smelled the hearty fumes of bacon and coffee when I walked near the entrance one morning. Then I spotted a faint curl of smoke coming out of the earth near the supply cabin where Dick and Bob thought they saw a ghost and I found the brush entrance by watching you come out of it one day."

"And," broke in the professor, "since you are so very clever, what reason did you have for believing that this—Burdick here would play the good Samaritan?"

"It beats me how you found the cave, Doc," said Sam shaking his head.

# Girls State Elects Mayors; Conference To Hear Lt. Gov. Dixon

Mayors were elected to head the 24 mythical "cities" which compose the grass roots organization of Girls State, now in its second day of deliberations at MacMurray College. The 24 municipal executives were inducted into office by Mayor John E. McWherter of Springfield in an impressive ceremony Wednesday evening.

## Speaker

Sherwood Dixon, lieutenant governor of Illinois, will be the main speaker at Girls State Sunday at MacMurray College. He will speak on various phases of state government. The lieutenant governor was elected to office in 1948. He is a native of Dixon, Ill., a graduate of Notre Dame University and, until his election in 1948, was a practicing attorney.

Gov. Dixon is a veteran of two world wars. He was in the American Expeditionary Force in France in the First World War and was a colonel in the Infantry during the Second World War. He was retired from the 44th National Guard as a brigadier general in 1950.

The Dixons have five sons and two daughters.

## Mrs. May H. Major Expires; Resided Here Many Years

Mrs. May Holbrook Major, for many years a resident of Jacksonville, died at 1:15 a.m. Wednesday at the Wonsavage Convalescent Home in Springfield.

She was 83.

Surviving are three nieces, Mrs. William F. Harney of Springfield, Mrs. Agnes Jameson and Mrs. Ada Mills, and four nephews, Edward, Richard and Raymond Landholt and Charlie Holbrook. One great-nephew also survives, Edward Landholt, Jr., serving with the Army.

The body was removed to the Reynolds Mortuary here. Services will be held at the Reynolds Chapel at 2:30 p.m. Friday. Rev. Clair E. Malcomson will officiate.

Interment will be made in Jacksonville East cemetery.

## Pastor To Begin His Tenth Year At Northminster

June 29 will be observed as anniversary Sunday at Northminster Presbyterian church. It will mark the beginning of the tenth year in Rev. C. Frank Janssen's pastorate here.

Rev. and Mrs. Janssen came to Jacksonville nine years ago.

Special music will be presented by the choir during the worship services. The messages will be in keeping with the occasion.

The public is welcome to attend the services and join in the anniversary observance in which the congregation will honor the pastor who has served its members for nearly a decade and his wife, who has taken a large part in the activities of the church and the church women.

## POLITICAL WRITERS FEEL TAFT WILL WIN

New York, June 25—(AP)—A Newsweek magazine poll of 50 newspaper political writers shows that they expect Sen. Robert A. Taft to run for president against Gov. Adlai Stevenson.

However, Taft holds only the narrowest of edges over Gen. Dwight D. Eisenhower as their choice to win the Republican nomination. Twenty-five picked Taft, 24 Eisenhower.

In a similar poll May 26, Eisenhower was a heavy favorite 35-11 to beat Taft.

## HOLDS FAREWELL DINNER

Mrs. Tom King, 235 Pennsylvania avenue, was hostess to Mrs. Garnett Zell and children at a farewell dinner Saturday evening. The Zells left Sunday to make their home at Burbank, Calif.

## Father And Son Banquet Draws 86 At Murrayville

Murrayville—A father and son banquet was held at the local Methodist church basement Tuesday evening. Eighty-six plates of a fried chicken dinner were served by Group 2 of the W.C.S.C.

Mrs. Harry Rumber, general chairman, was assisted by Mrs. T. G. Beadles.

The table and the dining room were decorated with garden flowers. Rev. C. E. Sharrow, the pastor, served as toastmaster for a program that followed the banquet. The program consisted of a group of musical numbers. A piano solo was played by Ronnie Baker.

D. I. Soper gave a reading entitled "A Prayer," written by Douglas MacArthur. A response to this selection, "Father and Son," was spoken by Robert Stanfield.

A male quartet composed of Lyndall Symons, T. G. Beadles, Ralph Heaton and Rev. Sharrow sang "Riches in Glory."

The address of the evening was delivered by Rev. W. E. Gustafson of Jacksonville.

The closing prayer was given by Rev. Sharrow.

## AT CENTRAL CHRISTIAN RITES

MR. AND MRS. CLEMENT V. KNIGHT are shown immediately after their wedding Sunday, June 22 at the Central Christian church performed by Rev. Leslie G. Heuston. The bride is the former Vivian Joan Christion, daughter of Mr. and Mrs. Carl Christion of this city. Mr. and Mrs. Clement L. Knight of White Hall are the parents of the bridegroom.

The couple returned to this city after a wedding trip and leave Thursday for the east where they will make their home in Washington, D. C. The bride is employed by the FBI in the nation's Capital and the bridegroom is stationed with the navy at Bethesda, Maryland.

## GREEN AND GOLD CHECKERBOARD

Now's a good time to go airplane riding. It's refreshingly cool at 3,000 feet and the scenery is striking.

At this time of a good growing season the varying greens of corn, soybeans, oat fields and pastures enhance the gold of fast-ripening wheat fields. In some places the countryside looks like an unusual checkerboard built for giants.

The above view shows the fields southeast of Woodson. The town is at right center.

The color scheme won't last much longer, for the wheat is ripening at an amazing clip. Before another week rolls by many of the fields will be harvested, and the color will switch from yellows to dark brown within a few weeks. Some of them will switch to green, since

## Lions Install New Officers At Meeting

Officers who will serve the Jacksonville Lions club for the ensuing year were installed by past district governor Dick Bell of White Hall to highlight a meeting held in the Dunlap hotel last night.

State's Attorney Al Hall was installed as the new Lion president to succeed Dick Lukeman.

Others elected at a meeting a week ago are John Deem, first vice president; Earl Walters, second vice president; Willard Goody, third vice president; Willard Goody, secretary; Merle Reynolds, treasurer; Herb Simke, Lion tamer; George Ischer, tail twister. Elected to the board of directors were Floyd Sorrells, Ford Jackson, Macy Hollowell and John Murray.

Retiring president Lukeman thanked the Lions for the support they have given him over the past year.

Chairman John Deem briefed the Lions on plans for operating the concession stand at the Morgan county fairgrounds during the month of July.

The Lions voted to pipe water into the concession stand before they use it in July.

## VOICE OF THE SEWERS TO BE SILENT IN '52

Chicago, June 25—(AP)—The "Voice of the Sewers" will be silent at the political conventions next month.

The authority for that statement is the "Voice" himself—who is known less widely out of town as Thomas D. Garry, Chicago's superintendent of sewers.

Garry, a handy fellow, helped keep equipment functioning during the Democratic 1940 convention in the Chicago stadium. He found a way, somehow, to speak into the public address hookup from a point somewhere underneath the rostrum. That he did, calling "We want Roosevelt," "Illinois wants Roosevelt," etc.

Officials of the International amphitheatre, where the Republicans and Democrats will meet, said it can't happen there. Garry won't try an encore. He said today: "I'm through with that sort of business. I plan to attend both conventions and look and listen only."

## Betty Lee Roberts, White Hall Girl, To Be Married

White Hall—Mr. and Mrs. Charles Roberts announce the engagement and approaching marriage of their daughter, Betty Lee, to Kenneth Winters, son of Mr. and Mrs. Carl Winters of Rockbridge.

The bride-to-be is a graduate of the class of 1952 of the local high school. She left Wednesday for the home of her aunt and uncle in Imperial Beach, Calif.

Her fiancé entered the Navy in March of this year, being stationed at San Diego, Calif., and prior to that time was engaged in farming with his father.

Plans for the marriage will be completed after Miss Roberts' arrival in California.

Royal Neighbors Meet

The Royal Neighbors of America met Tuesday night at the I.O.O.F. hall with a potluck supper. The supper and entertainment committee was composed of Ruth Barnard, Nora Goodrich and Crystal White.

A game with prizes was played following the lodge session.

Return From Southern Tour

Mr. and Mrs. F. M. Search and daughter, Sandra Sue, have returned from a 5,000 mile tour of the southwestern states and parts of Mexico.

They returned through Salt Lake City, Utah, and Colorado and were gone two weeks.

Sammy Hudson of the Navy, who has been taking a special course at Jacksonville, Fla., spent the weekend with his parents, Mr. and Mrs. Ira Hudson, here. He is now stationed at Memphis, Tenn., where he will receive further schooling.

Miss Irene Barnett, who is a teacher in the high school of Blue Island, Ill., and lives in Chicago, arrived this week for a summer vacation with her father, A. J. Barnett.

## Tells Winchester Kiwanians About Medicinal Finds

Winchester—Dr. Wallace MacMullen told members of the Winchester Kiwanis club at their meeting Tuesday evening of some of the important developments in the field of medicine which have taken place during the past 20 years.

He told of the discovery of the sulfa compounds in 1908 and the development of these compounds for medicinal purposes which commenced in 1930. The speaker also told of the discovery of penicillin and explained the important contributions it has made in combating many diseases.

He explained that one of the more recent contributions in the field of so-called "miracle drugs" is the development of cortisone and ATCH which were originally obtained from the adrenal glands of certain animals but have recently been produced in large quantities from other sources.

He stated that one of the drug companies developed the process which included 37 separate steps for the manufacture of cortisone.

Dr. MacMullen explained that 25 years ago the medical profession did not expect a new wonder drug more than every 25 years but now new drugs are introduced almost every six months. He said that the increased development of new drugs has resulted from the research which is being carried on by doctors and large drug companies.

He stated that World War II had also accelerated research and played an important part in the development of the "miracle drugs."

Preceding the talk by Dr. MacMullen, President Lennis Williams welcomed Dean Tate, manager of the Scott County Service company, as a new member of the club. President Williams announced that the meetings during July and August will be held in the dining room of the Hotel Winchester.

PERSONALS

Charles Campbell, Sheila Fletcher, Melba Sellers, Joyce Martin, Donna Clark and Arlene Little attended a house party over the weekend sponsored by the World Wide Guild at Lake Springfield Baptist Camp.

Miss Lucille Hendershot left Wednesday for New York where she will continue work on her master's degree at Columbia University during the summer.

## J. Montgomery, Winchester Barber 54 Years, Dies

Winchester—Joseph Montgomery, a Winchester barber for 54 years, died at his home here Wednesday at 10:30 p.m. He was 74.

Death followed a short illness. The body was taken to the Cunningham Funeral Home, where it will remain until service time. The services will be held at the Winchester Methodist church at 2:30 p.m. Friday. Masonic rites will also be conducted.

A more complete obituary will be published later.

## Plan Waxey Gordon Rites In Brooklyn

San Francisco, June 25—(AP)—The body of Waxey Gordon will be flown home to Brooklyn tomorrow—part of a cargo that includes baby chicks, machine parts and flowers.

The mobster who lived like a king but died in Alcatraz will have one posthumous fling at luxury. Inside his inexpensive cloth-covered casket, Waxey will be dressed in a custom made suit from Manhattan's Fifth avenue. It was fashioned for him last year before his arrest on a narcotics charge.

Waxey—born Irving Wexler—died in Alcatraz Tuesday of a heart ailment. He was awaiting trial as an accused kidnaper of a nation-wide narcotics ring.

## Trial Date Set In Horsemeat Case

Rock Island, Ill., June 25—(AP)—Charles David Hunter of Aledo, former state food inspector, today lost a bid to escape trial on charges of improper conduct in office.

Judge A. J. Scheinman denied a defense motion to throw out a malfeasance indictment against Hunter, one of seven persons indicted in a county grand jury investigation of illegal horse meat sales.

Hunter's trial is set for July 7.

## BODIES FROM KOREA
